Kathy and Anita,

JUST GREAT!!!!!!

I am ever so grateful for the wonderful job you did preparing and emptying the house in my father's estate.

You did this with every degree of professionalism. You are honest, outgoing, work well with people and you get the job done. You know your STUFF and your experience of 15 years/180 booths in the antique field is knowledge you can not learn in one day. You are always looking to improve yourself.

My parent's home was filled with STUFF, memorabilia, glassware, etc. that was very emotional for my sister and I. From the 800 bags of jewelry we bagged to the thousands of marbles we bagged—a job well done.

You took a lot of pressure off myself (3 siblings) and made a big job something we could get done. The Estate Sale was a big success, a big relief for us, and did what it was supposed to do, empty the house. We also had a lot of fun too.

Thanks so much, lots of love,

Janne Bellmore
