September 19, 2007

Dear Kathy,

Thank you for making the process of liquidating the contents of my Mom's home so easy. It was by no means an easy task. The house was packed beyond belief with the treasures of many years of shopping. You and your crew did exactly what you said you would and beyond.

You were in constant contact with me throughout the entire process and you always had our best interests at heart. You were respectful to the feelings of the neighbors and made sure the estate sale would have very little impact on them over the four day period.

I would highly recommend Lifetime Estate Liquidations to anyone needing your services. Please feel free to give any perspective clients my name and contact information for a reference.

Sincerely,

Michael Lucci
