

"Kathy was our Realtor on our Hulme St. listing in Manchester. We quickly developed a friendship that will last far beyond the realm of buying or selling a property. The attention to detail that Kathy prides herself with & those associated with her is second to none. It was truly a blessing to finally find an agent that generally cares about her clients & doing what is in their best interest. We spent over three months working together on this project & we would do it all again tomorrow. Thank you again Kathy for representing the Real Estate family as a true professional. Randy & Rebecca King"
