

When we first met Kathy at the Silver Linings Expo and we were impressed from the first moment we first met. We felt confident in her skills and level of experience, but we didn't contact her until years later: after living contentedly in our lovely home for 19 years, we finally made the commitment to downsize and sell our home. Kathy guided us through every step in the process from obtaining an accurate selling price to selecting the buyer. We found a cash buyer who offered a price well above the asking price, in addition to aligning our values and respecting the land, ecosystem and the extensive gardens.

Kathy applied her downsizing talents by help us achieve our goal. She assisted with appraisal resources and sorting through personal belongings by identifying items of value, worthless items or items for donation. She painstakingly handles each item with sensitivity and in a manner uniquely adapted to our specific needs. One of our major concerns was what to do with the hazardous waste we had accumulated over the years. Kathy referred us to a resource who assisted us with the disposal. Thanks to Kathy, what seemed at times like an overwhelming hurdle, was transformed over time as all our worries gradually melted away.

Kathy is a trustworthy ally of the highest moral standards. She asks the right questions and her sense of timing is impeccable. She patiently and succinctly explains various options. Kathy has many wonderful qualities, but the ones we admired most were her honesty, high standards, intense desire to fiercely defend her clients and kindhearted compassion. Ultimately, our experience was the best of all possible outcomes and we could not have hoped for a better real estate agent and downsizing expert. We truly enjoyed every moment of our journey together and it was a great honor and privilege to work with her.
